

Note: The enhancement/expansion grant category will not be funded.

Availability of Funds

(Replace the existing Availability of Funds section with the following.)

It is estimated that \$2.5 million will be available to support awards under this PA in FY 2000. The amount of an award is expected to range as follows (amounts include direct and indirect costs):

Full studies: up to \$500,000;

Exploratory/Pilot studies: up to \$250,000;

Funds will be divided between the two grant categories. The number of applications funded in each category will depend on the quality of applications as determined by the peer review process. Funds may be used to conduct all aspects of data collection and evaluation. Limited funds are available to support substance abuse treatment intervention services and substance abuse related services necessary for successful conduct of the proposed study. Applicants are strongly encouraged to verify future receipt dates and availability and terms of funding before preparing and submitting applications (see Application Receipt and Review Schedule).

Period of Support

(Replace the existing Period of Support section with the following.)

Support for full studies and for exploratory/pilot studies may be requested for up to 3 years. Annual awards will be made subject to continued availability of funds and progress achieved.

Section II—Program Description and Project Requirements, B. Program Plan, (3) Enhancement/Expansion Grants

(Section 3—Enhancement/Expansion Grants has been deleted.)

Note: The enhancement/expansion grant category will not be funded.

National Park Service

Sleeping Bear Dunes National Lakeshore

AGENCY: National Park Service, Interior.

ACTION: Notice of availability of the Draft Historic Properties Management Plan/Draft Environmental Impact Statement for Sleeping Bear Dunes National Lakeshore, Benzie and Leelanau Counties, Michigan.

SUMMARY: Pursuant to section 102(2) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of the Draft Historic Properties Management Plan/Draft Environmental Impact Statement (DHPMP/DEIS) for Sleeping Bear Dunes National Lakeshore.

The DHPMP/DEIS describes and analyzes three alternative future directions for the management of selected historic properties within Sleeping Bear Dunes National Lakeshore. The alternatives were based on the Lakeshore's enabling legislation and recent investigations into the significance of historic properties in the Lakeshore. The DHPMP/DEIS is intended to provide a blueprint to guide park management decisions regarding these historic properties for the next 10-20 years. The DHPMP/DEIS is a conceptual document that establishes and articulates a management philosophy and framework for decision making and problem solving. Since partners would implement many preservation and adaptive use activities, this plan will function as a guide for both the National Park Service and potential partners.

Alternative I is the no-action alternative. It provides a baseline for comparison of the other alternatives. Each of the action alternatives would strive to achieve all desired conditions for the Lakeshore relating to select historic properties. The primary difference between the two action alternatives is their central emphasis. Alternative II would emphasize preservation of the exteriors of structures, through partnership agreements, with no adaptive uses by partners. The Preferred Alternative (Proposed Action), Alternative III, would emphasize the rehabilitation and adaptive use of historic structures through partnership agreements. It would also permit limited compatible uses of cultural landscapes. Under all alternatives, the National Park Service may adapt historic structures for its use.

DATES: There will be a 60-day public review period for comments on this document. Comments on the DHPMP/DEIS must be received no later than February 15, 2000.
